## **1.0 General School Information**

### **1.1 Emergency School Closings**

School closings will also be posted on the LCSSU website at [www.lcssu.org](http://www.lcssu.org) School closings for any reason will be announced by 7:00 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

Dwight	Radio Station WLDC	98.9 FM
Pontiac	Radio Station WTRX	93.7 FM
Bloomington	Radio Station WBNQ	1230 AM
Bloomington	Radio Station WBWN	104.5 FM

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, students will be released from school as their transportation arrives.

### **1.2 Attendance**

Illinois law requires that whoever has custody or control of any child between seven and seventeen years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

### **1.3 Student Absences**

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the Principal. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the Principal. The school may require documentation explaining the reason for the student's absence. An unexcused absence may result in the loss of days earned on any given level, or the loss of a level per the behavioral level system.

In the event of any absence, the student's parent or guardian is required to call the school at:

Crossroads	815-844-5749
Academy	815-844-7115
SAILS I	815-844-7115
SAILS II	815-945-2971

An excused absence should be called in before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Any student who is absent more than three consecutive days for medical reasons may be required to provide a physician's verification of the illness. Failure to provide documentation may result in student absences being recorded as unexcused.

Please be advised that a student's transportation may be interrupted following an extended absence. Parents should contact the home school district's Transportation Director to resume transportation.

### **1.4 Truancy**

A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00. Students who are habitually truant will be reported to the Regional Office of Education, who may notify the State's Attorney for juvenile court action.

### **1.5 Release Time for Religious Instruction/Observance**

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building Principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

### **1.6 Make-Up Work**

If a student's absence is excused, he/she will be permitted to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school may not be allowed to make up missed work.

### **1.7 Homework**

Homework is not generally assigned. The students are given ample time during the day to complete any assigned work. In the event a parent wishes their child to receive homework they should contact the building Principal. The time requirements and the frequency of homework will vary depending on a student's ability and grade level.

### **1.8 Grading & Promotion**

School report cards and goal progress are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, goal acquisition and as part of the student's annual Individualized Education Plan. A student will not be promoted based upon age or any other social reason not related to the student's IEP.

## **1.9 Guidance & Counseling**

The school provides a guidance and counseling program for students. The school's social workers are available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. High school juniors and seniors have the opportunity to receive college and career-oriented information. As part of a student's Individualized Education Plan, a transition plan must be developed for every student at the age of 14 ½.

Psychologists/Social Workers may also be utilized to help the staff counsel students and assist in developing behavior modification plans for students as needed. This professional staff also helps develop annual reviews and review information required in 3-year re-evaluations.

## **1.10 Attendance at Home-School Functions**

Attendance at school-sponsored functions at the home-school is a privilege.

Only students with prior permission from their home school Principal may attend school-sponsored events at the home-school.

All school rules, including the school's discipline code and dress code are in effect during school-sponsored events. In particular, students shall not:

1. Use, possess, distribute, purchase, or sell tobacco materials.
2. Use, possess, distribute, purchase, or sell alcoholic beverages.
3. Use, possess, buy, sell, barter, or distribute any illegal substance or paraphernalia;
4. Use, possess, buy, sell, barter, or distribute any object that is or could be considered a weapon or any item that is a "look alike" weapon.
5. Vandalize or steal;
6. Haze other students;
7. Behave in a manner that is detrimental to the good of the school; or
8. Be insubordinate or disrespectful toward teachers and staff.

Students who violate the school's discipline code will be required to leave the premises and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code. In addition, the student may be restricted from attending any future school-sponsored events.

### **1.11 Teacher Qualifications**

Parents/guardians may request information about the qualifications of their child's teachers and paraprofessionals, including:

- Whether the teacher has met State certification requirements;
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;
- The teacher's college major;
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications.

If you would like to receive any of this information, please contact the school office.

### **1.12 Standardized Testing**

Students and parents/guardians should be aware that students in grades 3 - 8 will take the Illinois Standards Achievement Tests (ISAT) between February 28<sup>th</sup> – March 11<sup>th</sup>, 2011. Students in grade 11 will take the Prairie State Achievement Exam (PSAE) on April 27<sup>th</sup> and 28<sup>th</sup>, 2011. A portion of the PSAE contains the ACT test. The PSAE is a graduation requirement. Certain students may qualify for the Illinois Alternate Assessment. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can help their students achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize to students the importance of good performance on standardized testing;
5. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

### **1.13 Visitors**

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the location they are visiting. Approved visitors must be escorted throughout the building by LCSSU staff at all times.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

### **1.14 School Volunteers**

For school-wide volunteer opportunities, please contact the building Principal. All approved school volunteers are required to check in and out at the main office.

## **2.0 Rights & Responsibilities**

### **2.1 Equal Opportunity and Sex Equity**

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact:  
Dawn Conway, Director  
Livingston County Special Services Unit  
815-844-7115

## **2.2 Accommodating Individuals with Disabilities**

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the building Principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

## **2.3 Education of Children with Disabilities**

It is the intent of LCSSU and its member districts to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated, and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22<sup>nd</sup> birthday for which it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school office.

## **2.4 English Language Learners**

The school offers opportunities for English Language Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain.

Parents/guardians of English Language Learners will be: (1) given an opportunity to provide input to the program, and (2) provided notification regarding their child’s placement in, and information about, the English Language Learners programs.

## **2.5 Requests to Access Classroom or Personnel for Special Education Evaluation or Observation**

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

For further information, please contact the school Principal.

## **2.6 Parental Involvement (Title 1)**

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/Guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides parents/guardians with access to:

1. School performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
2. A description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. Opportunities for regular meetings to formulate suggestions, share experiences with other parents/guardians, and participate as appropriate in decisions relating to the education of their children if such parents/guardians so desire; and
4. Timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government and ourselves. In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance and participating, as appropriate, in decisions relating to the education of children.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to Rose Smith, Assistant Director at 815-844-7115.

Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to Dawn Conway at 815-844-7115.

The state's resources on parental involvement can be located at <http://illinoisparents.org>. The state's website on parental involvement provides information, training, and support for parents and schools on various websites which may be useful or interesting to parents and students, and provides advice and information about how to get involved and participate in the educational process. Resources are provided by search, by county, and by categorical query.

## **2.7 Homeless Child's Right to Education**

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. Continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

For more information regarding assistance and support for homeless families, contact the building Principal.

The behind-the-wheel portion of Driver's Education must be taken at the student's home school. Arrangements for the driving portion must be arranged by the student, parent/guardian, and home district. Crossroads does not offer the behind-the-wheel portion of the program. According to Illinois state law, students must have 30 hours of classroom instruction. Due to this requirement, the instructor will determine and inform students of the number of absences allowed during the semester. Students that exceed the number of absences will be dropped from the course and placed in an alternative class.

### **3.10 Vocational Training**

Students may be eligible to participate in the work/study program through LCSSU. Upon completing the pre-requisites, a student may be considered for employment either on-campus or in the community. Work/study is considered a privilege and the students are expected to demonstrate their greatest personal responsibility in this program. Students on Level 1 will not be considered for work/study assignments. Students that are involved in a work/study assignment that are dropped to Level 1 may lose that assignment. Any determination will be made by the IEP team.

Each day the students and staff are involved in social skills training. Topics discussed/role-played include anger management, self-esteem building, dealing with stress, effects of alcohol and other drugs, relationships, and many other social scenarios. Social service agencies may provide programs as well. Participation in discussions and assignment completion are factors in receiving a pass/fail grade for credit toward graduation.

This is a critical component of the Academy/Crossroads program. Student participation in the classroom instruction, discussion, and role-playing is mandatory. Any student refusing to participate will not progress on the level system.

#### **5.1 Bus Transportation**

The home school district provides bus transportation to and from school for all students attending the Livingston County School Programs. Parents should check with their home school office for the location of the student's bus stop. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be made in writing and approved in advance by the building Principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building Principal and home school district.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

## **5.2 Bus Expectations**

## **6.2 Student Medication**

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent has completed and signed an Authorization for Student Self-Medication Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

- c. Electronic messages transmitted via the school district’s Internet gateway carry with them an identification of the user’s Internet “domain.” This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.

### **8.13 Lunch & Cafeteria Rules**

No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

### **8.15 Alternate Learning Placement**

The Alternate Learning Placement is a learning environment secluded from the original classroom placement. Its purpose is to provide an in-school environment for students whose behavior has created a major disruption to the learning environment of others. This placement is generally used in lieu of an out-of-school suspension. However, it can also be used as a method for therapeutic purposes.

For Crossroads and Academy Only:

Expectations:

1. Student is expected to earn his /her day based upon the level point system.
2. Student is expected to complete all assigned work.
3. Student is expected to abide by all the school rules.

Consequences:

1. Any student leaving the assigned area will be given additional consequences. Consequences to be at the discretion of the administration.
2. Any work not completed during the assigned Alternate Learning Placement will be given a zero in the grade book. These assignments will not be allowed to be made up.
3. Failure to abide by the school rules will result in additional consequences. Consequences to be at teacher and/or administration discretion.
4. A student is still eligible to earn his or her day while in the Alternate Learning Placement.

### **8.16 Motivational Grading**

For Crossroads and Academy Only:

The school believes that student effort is a critical aspect of a student's progress and success in school. In order to motivate students to display good classroom effort, an Effort Grade is utilized as part of a student's grades. In addition to the letter grade given to the completed work, students will also receive a numerical grade, (3-0), to reflect their effort on the completion of the required assignment and participation.

- 3** = Exceeds Expectations. The student remained on task and cooperated with the teacher at all times.
- 2** = Meets Expectations. The student completed the majority of the work and cooperated with the teacher the majority of the time.
- 1** = Did not meet expectations. The student completed less than the expected amount of work and participation.
- 0** = The student did not complete any work. The student was either not in the classroom or was disengaged from the instruction for the entire period.

The student's effort grade has an impact on their overall grade. The cumulative effort grade will be averaged and will affect the academic grade accordingly:

- 3.00 – 2.70 Effort grade raises the student's grade one letter.
- 2.69 – 1.70 Effort grade has no impact on letter grade. Grade stays the same.
- 1.69 – 0 Effort grade lowers the student's grade one letter.

### **8.17 Time-Away**

Students with challenging behaviors are at times unwilling or unable to perform assigned tasks. At this point, they may intentionally engage in acting out behaviors in order to be removed from the classroom, or remain passively unengaged in learning activities, or engage in behaviors that interfere with the learning of other students. In these circumstances, the student is not under instructional control (following directions, attentive to teacher, sitting in chair, etc.), nor is he or she engaged in the learning process. Although it is impossible to force an unwilling student to do an assignment, it is unacceptable to have students engaging in acting-out behaviors in order to escape a task. Therefore, a procedure called Time-Away may be warranted as a teaching tool to increase the student's ability to cope with task demands.

Time-Away is a procedure in which the student exercises the option to leave a learning task which has become aversive to him or her. The student moves to a location in the classroom designated for this purpose and remains there until he or she is ready to cope with the demands of the learning environment. When ready, the student returns to the assigned location by his or her own initiation, not by the teacher signaling a return.

By utilizing this procedure, the student learns positive methods of escaping unwanted tasks. Staff will work with the student in trying to identify why the task was seen as aversive by the student, and in developing additional positive means of handling these types of situations. Any abuse of the Time-Away procedure will be dealt with on an individual basis with the student. This may involve limiting the number of times the student may access the Time-Away area, imposing a cost (points) for its use, or finding an alternative Time-Away area.

## 8.18 Policy on Physical Restraints

The school staff is committed to maintaining safety and supervision of all students. For that reason, it may become necessary for the staff to take steps to prevent a student from physically hurting him/herself, or someone else. The staff have been trained, and are updated regularly in the methods of Non-violent Physical Restraint based upon the Conflict Prevention Institute's (CPI) guidelines of physical restraint and transporting should an incident occur. The following parameters govern all staff interventions with students:

- The proactive, preventive philosophy and techniques of CPI will be employed. Materials explaining this philosophy and recommended techniques are available for inspection by notifying the building Principal.
- The preferred intervention for a student engaged in a problem behavior will always be verbal, gestural, or through prompting replacement behaviors rather than through physical restraint.
- Restraints will never be used for task refusal behaviors or any other behavior that does not require interventions of a last resort to prevent imminent danger to self or others.
- Only the staff trained and certified in CPI (<http://www.crisisprevention.com>) will use a physical restraint hold on a student when imminent danger is present.
- Staff not directly involved in the physical restraint will assist in managing and monitoring the other students, obtaining additional support if needed, and perform other supportive duties as assigned by the person in charge of the intervention at that time.
- Law Enforcement will be contacted if the staff does not believe they can de-escalate the student in a reasonable amount of time, or if imminent danger to self or others persists after an initial brief physical intervention.
- An emergency intervention report will be written and parental verbal or electronic notification will occur within 24 hours. For students with IEPs, an IEP team meeting will be scheduled to occur as soon as possible to either; 1) alter any existing behavior plan, or 2) discuss the need for a functional behavioral assessment prior to developing a new or replacement positive behavior intervention plan.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the building Principal.

Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the Principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.
